**NUCLEAR FUEL COMPLEX
SAFETY ENGINEERING DIVISION**

NFC/SED/S-85/2005/

27th August, 2005

Sub:- Certification of building safety, fire safety, drinking water facility and health & sanitation – Reg.

This has reference to your letter No.AECS-2/HYD/2005-2006/229 dated 9.8.2005 wherein a certificate indicating the worthiness of the above-mentioned points was sought from this department. In this regard, I am to state that safety officers of Safety Engineering Division, Civil Engineering Division and the Fire Services inspected the building and found that the structural stability is satisfactory, drinking water supplied by the Hyderabad Metro water works is stored in clean tanks and the conditions of health and sanitation in and around the building are satisfactory. Fire Safety is being maintained as per the statutory requirements.
